Forecast for Thursday 02 Jun 2022

Weather: Early mist patches in valleys and lower slopes soon dispersing. Otherwise most ranges will be dry and bright with sunny spells. There is just a very small chance of seeing a light afternoon shower. Thickening cloud during evening with rain edging, possibly turning heavy at times.

Chance of cloud-free hill tops above 800m: 80% decreasing 40% towards dusk.

Low cloud and visibility: A few patches of poor visibility on lower slopes at first, otherwise very good visibility. Mostly clear skies at first but some cloud bubbling up during morning, bases around 800 to 900m in afternoon. Becoming overcast during evening, bases lowering to 700m and patches of poor visibility as rain edges in.
